### How to measure your body for size

**NECK-**  
Measure around your neck at the point where a shirt collar band encircles the neck.

**CHEST-**  
Place tape measure up under arms and measure the fullest part of your chest (keep measuring tape horizontal).

**WAIST-**  
Tape measure should be straight around waist where your pant waistband normally sits.

**BACK LENGTH OF JACKET-**  
Full vertical length from bottom of collar to base of jacket.

**SLEEVE-**  
With elbow bent, measure from the center of the back at the base of the neck, across the shoulder to the elbow and then down to the wrist.
