

# **Buying a New Volkswagen Engine? READ ON!**

**FREE INSTALLS on First Three Darryl's Engines SOLD BY APRIL 15th, 2019**

Mid America Motorworks is offering **FREE INSTALLS** on the first three Darryl's Vintage Air-Cooled Volkswagen Engines SOLD ONLINE at [mamotorworks.com/vw](http://mamotorworks.com/vw).

Dr. Darby Milnor, with Midwest Auto Savers, will be installing the engines at Funfest for Air-Cooled VWs to be held June 7-9 on the Mid America Motorworks' campus in Effingham, Ill. Eligible vehicles for the install include 1968-1971 Buses and 1967-1979 Beetle and Ghias which must be equipped with a 12-volt system. Installations are up to the discretion of Dr. Darby Milnor. He reserves the right to refuse an installation.

*This offer is valid through April 15, 2019.*

Other related items **STRONGLY RECOMMENDED** for purchase with your new Volkswagen engine are as follows: clutch kit; motor mounts; throttle guide tube; heater box tubes; fresh air tubes; engine compartment seal; firewall seal; engine tarboard; fuel filter; SAE 30 Weight High Zinc motor oil (We recommend Valvoline VRI.); serpentine belt system; PerTronix electronic ignition system; and a power-coated cooling tin. These items will help protect the durability and longevity of your investment in this TURN KEY engine.

Darryl takes pride in the fact that every single part is *BRAND NEW* and has zero miles on it! Powerful and shiny, these engines are Never Rebuilt, Reground, Resurfaced or Reconditioned.

Darryl first started building engines when he was 12 years old in his dad's shop. With more than 40 years in the VW industry, he has a wealth of expertise and is planning on sharing his knowledge in a seminar on Saturday, June 8 as part of Mid America Motorworks' Funfest for Air-Cooled Volkswagens. Darryl has also been featured in the magazine Hot VWs.
